

PRODUCT CATALOGUE

Canada's Leading Manufacturer
of Quality Paint Applicators

Some items may no longer be available,
please refer to updated applicator tabs.

A History of Quality and Excellence

Pintar has been manufacturing paint applicators in Canada for over 25 years. With a history of quality craftsmanship and a commitment to innovative product development we have grown to be Canada's leading sources for paint applicators. Our extensive product selection and merchandising support allows us to offer effective programs and products for any outlet – from Independent paint stores to mass merchants.

We are Canadian based and sell only to the Canadian Market but we are part of an international network of paint applicator companies, including Linzer and Arrowworthy in the United States and BYP in Mexico. We also have a manufacturing facility in Asia. Being part of this network provides invaluable resources to stay on the leading edge for new products and merchandising support.

We are part of an international network of paint applicator companies
